

CARLSBAD YOUTH ACTION TEAM

THE VOICE OF CARLSBAD'S YOUTH

Bridging The Gap

The Carlsbad Youth Action Team is a 501(c)3 nonprofit organization that is completely driven by young high school and junior high students from Carlsbad, CA. Our team is sought after a collective community goal, to equip the Carlsbad youth with the necessary tools in order to make an impact in certain aspects of their lives, particularly, in their community. The Carlsbad Youth Action Team provides current and innovative solutions towards community involvement and overcoming City challenges, yet more profound - with youth being the forefront of the movement.

THE PROGRAM

THREE PILLARS

STUDENT DEVELOPMENT

Students exercise their public speaking skills consistently, whether it's presenting in front of City Council, or collaborating with other group members, we believe the key to creativity is collaboration. We provide a specific curriculum of which further encourages this.

COMMUNITY SERVICE

We participate in community service opportunities that are already offered through various organizations, or we'll create our own service projects by proposing our unique ideas to organizations in Carlsbad. Students benefit through the satisfaction of giving back while earning community service hours.

CIVIC/GOVERNMENT INTERACTION

The students act as a "voice" for all other Carlsbad teens by being representatives at their schools. Finding out the local Carlsbad related issues that matter to the adult and youth populations. Working closely with supporting the local city government by contributing new perspectives.

SUB-TEAMS & LEADER-IN-TRAINING

EDUCATION TEAM

A quality education is a foundation for successful communities. Much research acknowledges the power of education and youth-based programs to allow more opportunity. Our goal is to work with local organizations mentioned to close the achievement gap.

ENERGY/ENVIRONMENT TEAM

The development of innovative approaches towards greater environmental and energy sustainability. It's important to consider taking good care of our beaches, lagoons, forests, and trails. By reducing air and water pollution, while understanding the importance of the conservation of a green environment.

ECONOMIC DEVELOPMENT TEAM

A cities growth is dependent upon the educational, job, and business opportunities that ensure a brighter future for many. It's about the implementation of ideas and projects that improve the quality of life for others. Usually translating to providing the necessary tools/skill set to succeed.

LEADER-IN-TRAINING

Junior high students participate in some of the events/meetings that occur while receiving mentorship from high school students and adults in preparation for joining one of the Sub-Teams during high school.
